When submitting a payment to the FCC, you are solely responsible for validating all financial data being entered, for ensuring that your payment instructions are not rejected by your financial institution and for ensuring that the funds have been transmitted to the FCC. To avoid incurring late payment penalties and interest, you should notify your financial institution when making ACH, credit card and wire payments, and continue monitoring your account to verify that payment to the FCC has been made by the payment deadline. The notifications you receive from the FCC after submitting your payment are to acknowledge that you have submitted a payment, and are not an acknowledgement that payment has been received by the FCC.
